## EDITORIAL..

I use the above heading very loosely, as I said when I took over this job, I am all else but an Editor, But it does give me an oportunity to blow off some steam, and perhaps through some incoherent random thoughts some one else can come up with the answer to my delema. Namely what has happened to the Esprit de Corps that once existed at our meetings, and evidenced itself at all our doings.... Is it because we are tiring of DX?, Lack of adequate programing., Location., Night of meeting., Cliches., Just what is it...For the best answer in twenty five words or less sent in with two box tops from a pair of 4CX1000A's, I shall be glad to put up a grand prize of a pair of 813's (SHORTED)... If something does not bolster our meetings soon, there won't be much sense in holding them. We have averaged approximately 18 members per meeting, with a membership of almost 100. . we used to do better than this when we had 50 members... You tell us. I am sure that Lloyd will do every thing possible to meke his term in office the biggest ever ...

Along these lines, I want to take this oportunity to thank all those that turned out in the first half of the DX contest, and hope to see you all in there pitching in the next half. This is most gratifing especially to W6LDD, Ed did a bang up job in getting some of the boys going in the test...

Now then the minutes, It was decided to omit them, as, to begin with they are not the approved as read minutes, and consequently they could stir up a good deal of furor. This statement could stand a bit of explaining, but I prefer not to dwell on this topic. Suffice to say that, if you want to find out what's going on MAKE THE MEETING, In any event, the minutes that appear in the DX'er will be Edited, and will be just what the title implies, Highlites of the meeting....

We Hated to see Joe W6GPB give up his job as Secretary, but he no doubt had his reasons, and these are not for us to question. Thanks for a job well done Joe, and hope you can make the next meeting... W6BUY is carrying the seaty's load for the rest of the term, and we are sure that Jack will like wise do a good job.... I certainly hope that we can eventually get some of the new members into office, and coming to meetings, and let the work horses of the past enjoy their Martinis and meetings.....

A brief summary as to what transpired at the last meeting follows... 19 members present...Film "Our Mr. Sum" was shown....Application from W6ZZC, Earl Rouse of WASCO was read. His application will be voted on at the next meeting....

We would like to take this opportunity to welcome W6CEI as a Member of the NCDX Club John is from Woodland, and we certainly hope to meet him personally in the not to distant future..... It was suggested that we try and buy some small addressograph

Plates...
New Committee Appointments by Pres W6KG are as follows...
DX Com. W6LDD-- Membership Com. W6GQK Ch., W6SXI, and W6IPH...
Fresno..W6TI, Program and Meeting Arrangements W6VE, W6TT, W6EJA..
Pres. Lloyd suggested that a few fone calls might stimulate attendance at our dinner meetings...
W6TT suggested that interest might be stimulated by having small contest groups, with certificates awarded by the club for winners.
Snappier meetings were recommended by W6DUB....
W6KEK (who took this Job Pro Tem for two issues) pleaded for relief. and Said he will have had it by May:::::
Meeting was a leghnthy one and ended close to the bewitching hour.
Hmmmm...

It is with a great deal of regret that we report the passing of W6JZ...Although Ray was not a member of our organization, he was well known and liked by all. Never failing to extend a helping hand to a brother Amateur, and a friend to every-one Ray will be sorely missed by those who knew him...W6JZ was a past Pacific Division Director, Charter member of the East Bay Radio Club, and Employed by Eimac....We would like to take this opportunity to offer our sincere condolences to the Cornell family in this their hour of greatest berevement.....

At the last meeting W6LDD read, and gave me a couple of letters. One from W6MHB, and the other from YJ1DL. They are both rather leg Athy, so I will try and take the highlights from each of them. First John writesthat he is taking a job at Eleuthera in the Bahamas for at least a year, and will possibly be on in about three months, as it will take that long at least for him to get a ticket...Will probably use a Ranger, and his 75A4, Is working on a KW Amp. using a PL172...John is looking foward to staying in one spot for a while..... Dave Writes: He is using an 813 with about 220Ma on it ???? Volts and has a nice T8 note.... There will be a ship carying Tuna from down there, making a round trip to S.F. every 50 days...Average humidity last month was over 87, with temps. up to 90... There is much more than this in these letters, but do not have time to print them to their entirety..... Make the meetings, and get all this direct.....from the Horses mouth??????

Corrects his W/C total to read; CW/ 276/275 Phone/246/245... Don also apparently now has WAZ A3 also....

Ed sends along this card from SVIAA.... Dear CM; The situation of Radio Amateurs in Greece is as follows; licensed Greek Amateurs are SVlAA, (EXSVLSP), AB, AC, AD, AE, AF, AG, and provisionally the Americans of the missions in Greece with the call sign SVØWA - WW. All other stations with different call signs are no licensed stations, and cards cannot be delivered. There are occasionaly stations of Americans of the military missions in Rhodes, and Crete, but they haven't official permission to transmit with different call signs. We have a lot of cards addressed to different call signs. We have a lot of cards addressed to unknown amateurs, so we have great trouble for the return....

Best 73 George SVIAA....

W6RZS -

Among the early arrivals is Cherry with the following rmx: Heard Beda say: JTlAA & JTlYL will both be on the air at the smae time. JTIYL will be on 21030Kcs and JT1AA will be on 21092 starting around 1300 to 1400 GMT.....JTlYL is QRS using hand key and she is not signing at the end of the msg sending AR K only. Have Mosley Tribander and Tower ordered, but it will be a race to see if it gets up by CW contest time......

RZS's total now stands 133Wkd, and 120 Cfmd, and now the list....

Niles sends in the following dope... Success at last on JTlAA. His card should be the last one for WAZ altho still waiting for UA9AE, or 9KCA for Z17, and one from FB8BE for Z 39...JT1YL A3 on 21Mc, but Unheard as yet... New ones this month UO5AA, JZØHA, and ZD3F, Enc. 6 IRC for QSL...Better concentrate on ZD3E, as ZD3F is a confirmed rag chewer, and chooses his QSO's. Worked him through a sked with VE friend, and he was anxious to QSO first W6.... Spent two hours calling FS7RT in fone test, but wasted time (join my club Ed.) Niles's list (in Part) follows.... W6TT sends us in the following scores from the first half of the DX contest...Heard many others in there doing well, hope we can have a complete rundown in the next DX'er...
W6GIZ 230/101, W6PYH 131/---, W6ATO 190/39, W6SR 227/106, W6LTX 134/62, W6GQK 121/70, W6WB 239/125, W6TT 539/180, W6LDD 315/154, W6RCC 198/--- W6KG 301, W6UF 350 aprox. K6ENX 150/80, W6ALQ 110,000pts & some on phone, KEK 119/70...And there are many many more that are unheard of at this time...The activity on the part of the NCDX club was very good, and with some luck in conditions in the next half, win, lose, or draw, we should at least have a respectable score....Look for YJ1DL, and VK9AD at 3525 0900-1100Z 7050 0800 -0900Z 14100 0400 - 0800Z 21100 & 28100 2030 to 0400Z These fellows are on, and are nice multipliers for the test..Mni tnx to W6LDD and the gang for their efforts..... Also keep an eye open for VS7RT, Elvin is working on Reg to get him on during the CW portion of the contest.....
