VOL. XI NO.VI

Sorry that I do not have the Highlights of the July meeting, but due to vacations, and changing Secretaries I will have to omit them from this issue.....I am getting this issue out under pressure, as just arrived home from my vacation, and trying to make the end of the month deadline, so please forgive the typo's, as I am not even reading the copy, or may be tempted to throw the whole thing out.....Will endeavor to get a corrected list of wkd confirmed for the entire club into the next issue, and do a little better job on it as well.....

By now everyone has no doubt received the petition requesting that meeting nights be changed to Friday nights for the entire year, instead of mixing Thursday, and Friday nights, as they now are....It is not my intention to become involved in this issue, or in this publication, But I would like to point out that in order that this petition be passed, under ARTICLE V of the by-laws, that, 2/3 of the entire Full membership will have to be present, and this body of men would have to cast a unanimous vote in order that it pass. If 2/3 of the entire membership is not there, then a mail ballot will have to be sent out... All the membership will be receive or have received a copy of the byslaws in the near future.....

Received the first copy of the REF<sup>o</sup> Revue Des Ondes Courtes?. From their listings in the "Chronique Du DX" note listed ZD8JP 28120, and 9G1BU around 1730 on 21182 A3.....F8BAK is returning to France, and is visiting OD5AB.....F8BAP is very active, and is the only F8 left...F8BEL is active on 21Mc Al...F8SAT is 200KM from Fort Lamy running 20Watts....

K6AQP--Guy dropped us a card to inform us that the August 8th meeting will be held at Rudy's in Vallejo 8pm dinner \$2.60 each with a choice of Chicken, Steak, or Fish...They assured him that they now have padded doors to shut out the noise from the main dining room....SV6WV/DL4AAP with his tapes has been invited, More on this later.....

W6CTL--Bill overheard KV4AA say that Danny left the Brit. Virgin Is. for the American Virgin Is, and will be on from St Kitts or Anguilla within fourteen days....Dick says the YVØ cards are in the mail, and is now working on the VP2VB Cards....CTL's total with VP" & VK2/LH now 250/238...

Secty Treas. W6LTX reports that aproximately 45 (forty five) members are delinquent in their dues, and has mailed notices to all those that are....With respect to the afore mentioned petition, It behoves me to inform all interested parties that in accordance with ARTICLE VI of the by-laws Sec. 4. ANY MEMBER DELINQUENT IN DUES SHALL NOT HAVE THE RIGHT TO VOTE...A word to the wise is sufficient.....W6LTX's QTH (for payment of your dues) C.E. Provance 2551 - 45th Ave., San Francisco....

W6EFR--

Drops a line to say that Condx are lousy, and to bring his standings up to date WAZ #511, and 240/222 on the wkd. conf. total, wishes that the tri-bander was a bit higher (me too), sez that the job at the TV station prevents him from getting to meetings, and entering DX Contests.....

W6EFV--

Guy still needs a card from VQSAS has anyone received A QSL from him yet. If so, - how so EFV would like to know....252 Wkd 240 Confmd.....All Al

Joe sends along the following news for the DX'er.....  
John (W6BYB) left for Fiji July 21st at 11AM. By himself, W6CLS could not make the trip account of business problems. John plans on resting up a few days there, then going on to Tahiti for two weeks. He will try to get on the air from FO8AB. Then on to Brit. Samoa visiting ZM6AS & ZM6AL and last American Samoa, KS6AG very likely.(YL). John plans on being home around the 29th or 30th of August. The chances of getting on from a new spot is very remote.....

Received a letter from Mike, ex VK9JF, he is now VS2JF. He still has a batch of blank VK9JF QSL cards on hand, and will QSL 100% to those who still need a card. His present QTH is: J.M. Fulton, c/o Cable and Wireless Ltd., 44 Northam Road, Penang, Malaya.....

W6DIX is now retired from the military. K.D. and his XYL are touring California in a house trailer. He will make skeds for anyone who needs a new county towards WACC. You can find him on 75 fone mostly, but he can operate all bands.....

Art, of 2DLFG, is now on the air, and is anxious to QSO NCDXC members, he operates both fone and CW.....
