Editor's Choice

"Lead, follow, or get the hell out of the way!"

We have all heard this admonition. As a newcomer to this organization, but not new to DX clubs, I found the election process at the June meeting interesting. The nomination committee was unable to find candidates after contacting 40-odd members of the club in the time period prior to the June meeting. There were various justifiable reasons given by the people contacted for not wanting to be considered a nominee. It came down to one of the nominating committee members accepting the nomination as president and other folks eventually agreeing to step forward and filling the other open spots. In the other clubs I have been associated with, I don't believe I've ever seen this situation arise - where there was so much reluctance by so many people to lead the organization. I heard some pretty good reasons for not wanting to participate. You who were there heard them, so there is no reason to repeat them. I will try to make all my editorials positive. I just hope the participating membership will now support our new 1997-1998 officers. Those who did not choose to run must assist our new leadership team with their support. In the future, if there is reason to oppose or criticize some issue, please voice these opinions and supply recommended solutions. I hope what we experienced at the June meeting was not indifference or complacency. Let's remember those folks who did express a desire to be considered next year. Let's applaud those who did step forward to serve us this coming year.

The DXer is published monthly by the Northern California DX Club and sent to all club members. Unless otherwise noted, NCDXC permits re-use of any article in this publication—provided The DXer and the article's author are credited.

This past year has been a challenging period for me, your officers and our Club. With your vote that mandated moving the DX Convention to Fresno, our officers and volunteers set out to provide a very enjoyable and well-executed Convention (a done deal!). Though the SCDXC will be taking the Convention back to Visalia in 1998, those of you that worked so diligently to produce the 1997 Convention and to hold it in Fresno should be VERY PROUD! Our best wishes to the SCDXC as they prepare for the 1998 DX Convention.

Ted Algren, KA6W

A word about promises made to you last year. I did fall short of establishing a write-in voting procedure. With investigation, I learned that a correctly implemented write-in voting procedure would be extremely difficult; however, due to the small number of individuals willing to serve as officers, the voting procedure (however implemented) has become a moot point! I believe that WE ARE FORTUNATE to have obtained the new slate of officers (read volunteers) who will lead us into 1998. Now I address my gratitude to all of the officers and committee members that served with me this past year. Without their assistance, nothing could have been accomplished nor would I have personally enjoyed serving you. To W6JD, KN6BI, W6NW, AA6T, WA6HHQ and K6RIM your retiring Board Members, I extend my friendship and heartfelt thanks for serving the Club so well. We held e-mail conferences that accomplished many things and our BoD meetings were actually FUN. Additionally, I will not forget your retiring 'DXer' Editor, NI6T, who has earned the title of the 'Best Word Smith' the Club has enjoyed. Thanks Garry Shapiro! The rest of the crew consisting of KO6GI, AA6YQ, K6WC, WA6AHF, W6VG, W6RGG, WA6HHQ, WB6CUA, KI6WF, W6FDU and W6BSY kept your Club running on all twelve cylinders. To the Co-Chairmen of the 1997 DX Convention W6UDS and K7ZV I thank for taking on a controversial issue and slamming it to the canvas for a total win! Their Convention Committee Members (I think I have them all) N6VAW, K6ANP, KG6XF+XYL, K6PU+XYL, K6IME, W6TEX, N6TV, W6CF, K6WR, W6ISQ, NW6P, KD6XY, N6ST, N6BT, W6WL (Great Program, Craig!) and to Bob Ferraro, W6RJ, of HRO, for his continuous support of the Convention. If I missed anyone, please know that it wasn't purposeful. Many, many thanks for the jobs you have all done so well.

Closing out this year, indulge my gratitude to one more of our superstars. Chuck Vaughn, AA6G, has provided us with a great 50th Year Anniversary Awards Program. Get with it DX-misters and join the fun...only three more months to complete our 50th year. Chuck also sparkplugged your new NCDXC Web Page. Special thanks to you Chuck, may you continue your superstar performance through the coming years!

Thanks to each and every one of you for the opportunity to serve as President of The Greatest DX Club in the World. My best wishes for success to the incoming officers, our new 'DXer' Editor, K7JJ and to you all. Stay well and live a long and enjoyable DXing life.

Vy 73,
Ted, KA6W

General Meeting The June meeting was held at the Palo Alto Hofbrau. Ted, KA6W, called the meeting to order at 8 PM. Ted requested those present to observe a moment of silence in memory of Gerard de Buren, HB9AW, SK.

Ted recognized, Bud Bane, W6WA. in attendance and Bud was warmly welcomed. If club members want to hear of the more spirited days of the NCDXC, Bud is the guy to ask!

The minutes from the May meeting were read and approved.

Ted and Garry, NI6T, announced that the DXer has a new editor. Dave Earnest, K7JJ, will be taking over the club newsletter duties from Garry. Dave is a new club member and has taken on a lot of responsibility. Write a piece, send some photos, etc., as Dave will need help to fill the pages of the DXer. Dave knows the DX community and will make a great editor. Dave's email: k7jj@garlic.com.

Ted presented fine looking awards to Rich, W6UDS, and Rich W7ZV (not present) for their great convention work. The award was a complete surprise and Rich Carbine had a great big smile on his face. (FB, Ted!) These two members deserve all our thanks for the time given to the club and a tremendous effort.

The club has a new Associate Member, Robert Bickel, K6FX. Robert holds an Extra Class license. His former calls were KE6LCB and KO6PL. Robert is 38. He and his wife live in Walnut Creek. Robert works at Applied Optics. Robert was sponsored by Chuck, AA6G, and Keith, KN6K.

Ron, W6VG, reports that F2CW's DXer has been returned by the post office due to no forwarding address. Members at the meeting determined that Jacques' DXer not be mailed until he furnishes a good mailing address. If anyone can help with locating F2CW, please send a note to Ron, W6VG. Ted, KA6W, turned the meeting over to Ted Park, K6XN, our election committee chair. After much coaxing, arm twisting, pleading and hair pulling, we have a new slate of officers and board of directors:

Ted Park, K6XN - President
George Allan, W6YD - Vice President
Ron Panton, W6VG - Secretary
Keith Butts, KN6K - Treasurer
Ted Algren, KA6W - Director
Gordon Girton, W6NW - Director
Garry Shapiro, NI6T - Director

The new Board was voted in unanimously. Please wish them well and give them a hand when asked.

Chuck, AA6G, informed the group that the club web page is QRV. Check it out at:

<http://www.ncdxc.org>

The meeting was adjourned at 21:30.

Peter, KN6BI

The End W6NW

New Associate Members:

Robert Bickel, K6FX. Robert holds an Extra Class license.

Allan Grant Taylor, K7GT. Allan is also and Extra Class.

Board of Directors Meeting

Ted KA6W called the meeting to order at 5:45 PM. The meeting was held at the Palo Alto Haufbrau. W6JD, W6NW, NI6T, W6WB & KN6BI were in attendance.

Old business:

Minutes from the last Board Meeting were read and approved by the Board.

Chris de Beer, ZS8IR will be visiting the Club in Sept. A presentation is planned. Garry, NI6T suggested that we cover Chris's travel expenses from LA. Garry & his wife will put Chris up for the night. The Board voted to cover expenses not to exceed \$125.

Ted, KA6W has been negotiating the Club's contest status with the League. I was given a current list of Club members to up-date the League's Contest Manager. (I spoke with Ted on the phone during the week (6/19) and we will apply to meet the "Medium" Club Competition Criteria under the ARRL Club Competition)

New Business:

Gordon, W6NW moved to reinvest the Club's Life Membership funds under the Club Bylaws. The Board approved the motion.

The Board approved \$750 funding for (PC) software to get Dave, K7JJ, up and running with the *Dxer*.

A new Publisher for the *Dxer* will be needed.

The Dunfy Hotel is undergoing a change of ownership and remodeling. The renovation will be completed in 6 to 7 months.

The Board discussed other possible meeting places.

The Board voted to establish a Memorial Award in memory of Sam Canter, W6TSQ. The Award will be a 40CW Award.

The Board voted to amend 6-100-E of the Club Bylaws establishing a separate checking account for the Club Repeater. The account balance is to be kept within the \$1,200 minimum-\$2,000 maximum as per 6-100-E.

The meeting was closed at 6:35 PM.

Peter Gerba, KN6BI

HZ1AB

GOLDEN ANNIVERSARY

HZ1AB went on the air in 1947. Since then, hundreds of thousands of contacts have been logged by over 160 member/operators of the Dhahran Amateur Radio Club. The DARC has announced a celebration year for HZ1AB to commemorate 50 years of operation. A special QSL card will be used to confirm contacts made between May 1997 and June 1998. The club will attempt to be in every major international contest during this period. I'm sure many members of NCDXC has an HZ1AB QSL in their files and I'll bet the great majority of members used this card for your DXCC submission for Saudi Arabia. Visit the HZ1AB web page for more information.

<http://www.garlic.com/~k7jj/hz1ab.html>

Dave Earnest, K7JJ

NW DXCONVENTION

1997 PACIFIC NORTHWEST DX CONVENTION. The PNW DX Convention moves yearly between, Washington, Oregon & British Columbia. This year it will be held at Richmond, B.C. on July 25, 26, and 27th. If you are considering attending and wish additional information, please contact Ken Thompson, VE7BXG, P.O. Box 3048, Blaine, Washington 98231 or Allan Buckshon, VE7SZ, via E-mail at: abucksho@direct.ca. Also checkout their Web site at:

www.davetek.com/pnwdxconvention/dxcon.htm

U. S. A.F. 50th Anniversary QSO Party

In celebration of the creation of the United States Air Force on September 17th, 1947, the Headquarters U.S. Air Force Directorate of Communications and Information is sponsoring a QSO party for all interested radio amateurs.

Time/dates: 0001 UTC 20 Sept 97 to 2359 UTC 21 Sept 97. All bands and modes. Score contacts by "point identifier." Stations with licensees with no Air Force affiliation have a point identifier of 1, are worth one point, and would identify with the suffix "Air Force One" on phone or "/AF1" on CW or digital modes. If the licensee is a U.S. Air Force veteran, member, or retiree (of any component, active, Air National Guard, or AF Reserve) point identifier is determined by subtracting the year licensee entered the Air Force from 1997. For example, if he or she entered the Air Force in 1947, their point identifier is 50 (1997-1947=50), and they would ID "AF/50." If he or she entered in 1963, their point identifier is 34 (1997-1963=34), and they would identify "AF/34." Note that the duration of Air Force service is insignificant, the point identifier value is determined solely by the year the member entered the Air Force. Obviously, the most sought after stations will be those brave men and women who entered the Air Force in 1947, whose point identifiers will be "50" and whose contacts are worth 50 points!

Scoring: Add total point identifiers for all qualifying contacts.

Multiple Contacts: Stations may be worked multiple times on the same band if the contacts are on different modes, but only once on each band if on the same mode. Stations may be worked and scored on multiple bands.

Logs: Send logs by 15 October 1997 to:

K5HOG: Razorback Radio Club
604 Julian Avenue
Honolulu, HI 96818

Logs must have station worked date, time, mode, band, and point identifiers for each contact. POINTS MUST BE TOTALLED ON EACH PAGE TO BE ACCEPTED. Neither accepted nor rejected log sheets will be returned unless accompanied by a suitable SASE.

Prizes: Trophy (plaque) with Air Force 50th Anniversary logo signed by the Headquarters, United States Air Force Director of Communications and Information (Lt General William Donahue) to the overall winner. Certificates (signed and with AF 50th logo) to top three finishers in each state and country.

Questions to:

Bernie Skoch, K5XS, Colonel, US Air Force
Director of Communications and Information, Headquarters Pacific Air Forces
604 Julian Avenue
Hickam Air Force Base
Honolulu, HI 96818

e-mail: 75376.12@compuserve.com

Go Air Force, Happy 50th Anniversary!

Here is a bit of news contained in a note I got this week from Hiroo, JA2EZD/XU2A, who now has a "for rent" QTH set up in SE Asia. This might be of interest to contesters/DXers wanting to go on a DXpedition, but not wanting to fool with the hassle of carrying all the equipment. So many folks ask me about rental DX QTHs, that I hope maybe this will be of interest to some of your readers. 73 de Rusty, W6OAT

Cambodian DX QTH for Rent

"If you have an interest in operating from Indochina (XU, XV or XW), please contact:

Hiroo Yonezuka
(XU2A, XW2A, 3W6ZD and JA2EZD)
Post Office Box 2659,
Vientiane, Laos
Telephone/FAX: +856-21-41-3201
E-mail: xw2a@pan-laos.net.la

We have a rental shack in Cambodia (XU) for interested DXers and Contesters. The basic rental fee is US\$1,100 per week with an extension fee of US\$100 per day (for example, 9 days is \$1,100 + \$200 = 3D \$1,300 total). The rental fee includes the room charge (1 bed + 1) and use of the equipment, antennas and electric power. = If you want to use the kW amplifier, there is an additional power charge of about \$100 per week. You can use our callsign (XU1K) for guest operating, but if you want a callsign of your own we can help you get it. An individual callsign will cost you about US\$100 and will take about 3 weeks to obtain. The station consists of an Icom IC-729 transceiver (with 500 Hz cw filter) and an HL-1KGX kilowatt linear. The antennas are a CD-318jr for 14, 21 and 28 MHz; 6 elements on 54 MHz; and dipoles for 7, 3.5, 1.8 MHz and the WARC bands."

- - -Hiroo, JA2EZD/XU2

NCDXC Web Page

The NCDXC now has a web page. We registered the domain name [ncdxc.org](http://www.ncdxc.org) and you can find us at: <http://www.ncdxc.org/>

Our provider is Slip Net based in San Francisco. We've had around 600 visitors since the page first started.

Right now on the web page we have some information on the Board of Directors, 50th anniversary, membership application, the DX Ladder, club roster and links for DXers. The links page has many useful links such as; callsign servers, ARRL DXCC info, DX newsletters, packet web cluster and there's also a section for club member personal pages. If you have any ideas for additional links or you have a web page please send the URLs to me.

We have quite a bit more disk space than we had with the 50th anniversary page so there is more room for member photos. Please send prints, negatives or slides to me of your station and antennas. There is room for 2 photos for each person.

Plans for the web page include adding information for the various awards the NCDXC sponsors and placing the DXer on line. At some point we'll ask club members if they'd like to receive their DXer on line as opposed to a hard copy in the mail. The advantage of this to the member will be receipt of the DXer up to a week earlier, color images and graphics can now be included and the member can save DXer copies on disk. The club should be able to save money on postage and printing. The DXer will be converted to ADOBE Portable Document Format (PDF) and is viewable with a *free* program from ADOBE called Acrobat Reader.

If you have suggestions or contributions for the web page please send them to me.

73, Chuck AA6G

50th Anniversary Update

There's just three months left to go in year long celebration of the NCDXC's 50th anniversary. There's still time to qualify for a commemorative mug and a matching coaster tile. To qualify for the mug you need to work 50 club members on the repeater and 50 DXCC countries on one band in a month. Additionally, to qualify for the matching coaster tile, you need to work 50 countries in 50 hours, any band any mode. The awards have been ordered and they promise to be exceptional. The mug will be black marbled with gold logo, printing and band around the top. The tile will be black with gold logo and printing. When you are ready to submit, send your list of QSOs to AA6G. There's still some DX stations looking for NCDXC members to complete their 50 contacts for their certificate. Look for them on 14.240MHz and 14.029MHz plus or minus QRM. Try calling CQ with /50 on those frequencies. We have both Japanese and European stations looking for us.

GL, Chuck - AA6G -
